We draw attention towards:

- i) note 1.5 to these financial statements, where it is more fully explained that the accumulated loss of the Company stood at Rs. 2.113 million (2016: 3.941 million) as at year end. Moreover, the commercial operations of the Company have recently been recommenced after a suspended period of 14 years from January 1st, 2003. These conditions may cast significant doubt about the Company's ability to continue as a going concern. Hence, the underlying going concern assumption will depend upon the mitigating factors as mentioned in note 1. to the financial statements and continued profits from subsequent operations.
- ii) note 2.1 to the financial statements where it is explained that the Company is no more an insurance Company due to the revocation of Insurance License in the year 2016 by the SECP, also the Company had not carried any insurance related activity in previous year therefore, disclosures required by Insurance Ordinance, 2000 and SEC (Insurance) Rules, 2002 have not been presented, as compliance of Insurance Ordinance, 2002 is no longer required.
- iii) note 28.1 to the financial statements where it has explained that subsequent to year end, the Board of Directors has approved an scheme of merger to enhance its paid up capital to comply with the requirement of the minimum paid up capital for small and medium size enterprises of the Pakistan Stock Exchange (PSX). The application of the scheme is contingent on the approval from the members in the upcoming annual general meeting of the Company and compliances of the related provisions of Companies Act, 2017.

Our opinion is not qualified in respect of matters mentioned in above preceding paragraphs (i) to (iii).

The financial statements of the company for the year ended December 31, 2016 were audited by another firm of Chartered Accountants who expressed a modified opinion in their report dated April 07, 2017.
